

B.KEOGH & SONS

MANUFACTURING PTY LTD

Pencil Augers: - the universal auger. Used for short term transfer units from silo to feed cart or long term use in a fixed installation they are the true multipurpose auger. They are available in combinations of length, diameter, mobile (on an undercarriage) or stationary (fixed on a stand), can have drives ranging from mains electric to 12 or 24 VDC in both belt and pulley or 'geared motor' and even petrol drives. Many other accessories are available including hoppers, undercarriages, bagging chutes, stands and inlet chutes.

B. Keogh & Sons Manufacturing Pty Ltd is Australia's trusted name in commodity handling equipment. For more than 45 years KEOGH'S have been developing and manufacturing grain handling products to meet the needs of rural and commercial producers. In an industry where experience and quality do matter B. Keogh & Sons Manufacturing Pty Ltd is the undisputed leader.

Pictured is a 4 meter by 100 mm (12' by 4") unit on an adjustable undercarriage. The drive on this unit is a 4 HP petrol motor

The HAWK-EQUIP range of pencil augers starts at 100 mm diameter units (4") and continues on at increments of 25 mm (or 1") up to 250 mm (or 10") models.

Key Features:-

- Handles all grain types,
- Simple yet effective design,
- Fully guarded as standard,
- Can be hot dipped galvanized,
- Standard 1.6 or 2 mm barrel and 3.5 mm flite,
- Flite and barrel can be heavier if required,
- Can be fitted with mains electric, 12 or 24 VDC electric, hydraulic and petrol drives,
- Can be mobile or stationary,
- Same basic design for 45+ years.
